

CHINESE 7.62X39

NORTH SYLVA HAS DETERMINED THAT CERTAIN AMMUNITION IS NOT SUITABLE FOR USE IN CANADA. SURPLUS CH 762 39-1500 PURCHASED BETWEEN SEPTEMBER 2021 AND DECEMBER 1, 2021.

Usage or destruction of this ammunition may result in damage.

To identify the ammunition the crate will have #1 stamped on one of the wooden handles.

If there are no numbers on the wooden handles or the #2 is on the handle there is no recall.

The cartridges are individually identified as having black cases and black tipped projectiles.

This is prohibited ammunition that was intermixed in a legal shipment to North Sylva. Some of the cases of ammo contained this prohibited ammunition. This was not what we ordered.

The ammunition is to be returned to North Sylva. Please contact us for specific instructions: Alan@NorthSylva.com

We apologize for the inconvenience.

A cash back or exchange arrangement will be made to you.

We have reported this to Government Officials and are working with them for a solution for you the customer.

Warning: Do not use this. Do not keep this. We thank you for your co-operation in alerting us to this issue and for your co-operation in returning every cartridge to us.

Please do not just mail this back. Canada Post cannot ship ammunition.
