

Recall Notice

Rapala® Rechargeable Fillet Knife (Battery Replacement)

The batteries in certain older versions of Rapala® rechargeable fillet knives (product no. RRFN) may overheat or catch fire if charged with a charger other than the Rapala® charger sold with the knives.

RapalaUSA will replace, free of charge, all affected batteries (all of which were sold before 2019) with new batteries that have additional voltage-protection features.

To determine if your rechargeable fillet knife is affected, remove the battery from the knife. If the battery does not have an ETL label as shown below, the battery will be replaced.

For more information, email custserv@rapalausa.com or call 800-874-4451 toll-free.
